Content you’ll find in the Safari Premium Library

Rough Cuts—Only available from Safari Books Online, you can read manuscripts in progress and participate in dialogues with authors and other subscribers about a book’s content while it’s being written. Email notifications alert you to new versions as the book develops.

Videos—A comprehensive collection of online videos provides top-notch instruction on Web design, software development, graphic design and personal growth from leading experts in training videos like Talented Pixie, Total Training, Class on Demand, Peachpit, O’Reilly, New Riders, Addison-Wesley, and Pearson Certification.

Short Cuts—Exclusive articles that our publishers produce to describe technologies and topics that are either too early in their life cycles or too short to merit entire books dedicated to them.

Downloads—Whole books or individual chapters can be downloaded and saved to access offline or from a mobile device whenever you want.

Exclusive Content—O’Reilly Radar Reports, newsletters, publisher articles, and more are available only to Safari Books Online subscribers.
