## Harness the power of information. Online. Anytime. Anywhere.

One of the biggest challenges any business faces is staying ahead of the competition. In today's electronic age staying ahead means developing better technology earlier, identifying the newest trends sooner and gathering the most current information faster. Easy access to a single, cost-effective source for the latest technological and business knowledge is the key to success.

### Workgroup Accounts unlock your potential!

Now, with our new self-service Workgroup Accounts program designed for teams of 2-25 members, Safari Books Online makes it simple for small groups to acquire the tools and resources they need—from one reliable provider.

### Workgroup Accounts empower your workforce to:

- Increase productivity with access to accurate, up-to-date information from experts in technology or business management and development
- Work more efficiently by using a single source to find answers to questions at any time of the day or night
- Save time by downloading text to read or study offline whenever it's convenient
- Stimulate creativity by learning about emerging technologies and best practices
- Enhance careers or personal development with the latest educational material, certification guides and self-study books

Safari Books Online distributes fully searchable collections of books, articles, certification study guides and instructional videos from the most respected and well-known technology and business publishers. And, only Safari offers Rough Cuts, giving subscribers access to new books as they're being written and edited before publication.

## What is the Workgroup Accounts program?

In short, it is an online, subscription-based library designed for workgroups of two to twenty-five users. Subscribers have 365 days of access beginning the day of sign up, and they make just one annual payment.

The online purchase process is easy, fast and secure. On our website, a customer selects the number of seats to buy, selects one of two program options and pays for the subscription with a credit card. The buyer can act as program administrator and enroll members immediately or can assign administrator privileges and membership enrollment to another user after the purchase. Customer support is available to all workgroup members 24 hours a day via telephone, email or chat.

For workgroups with more than 25 members, contact Safari's Corporate Sales Division at [sales@safaribooksonline.com](mailto:sales@safaribooksonline.com) or 1-888-619-1684.
